### Comment/response matrix

Comment Number	Commenter Name	Date Received	Source	Comment Topic	Response
1	Hope Williams	12/02/2019	Email	I am a resident of Winkler County, therefore this Hwy 302 project is very important to me and other local residents. I want you to know I am very much in favor of this expansion, with promises of more to come. I will make every attempt possible to attend this meeting this evening, and vocally express my position.	Comment noted.
2	Brooks Landgraf	12/02/2019	Letter	The commenter supports the Rural TIP Revision. "Please accept this letter as a statement of my support of the proposed revision to the FY 2019-2022 Rural Transportation Improvement Program, specifically as it relates to the addition of a project on SH 302 in Winkler County." See Brooks Landgraf's letter in Appendix D, page 20 of this summary.	Comment noted.

## Run

Continued from Page 1

at the Texas Republican Headquarters in Austin filing paperwork to get on the March ballot.

"I chose to run because I heard Mike Conaway was retiring and I was raised by a mom who always told me that if I saw a problem that I needed to get up and be a part of the solution instead of just complaining about it," she said. Breymann sees several issues in the present political climate that raise concern. That includes wasting taxpayer money in an impeachment effort of President Trump,

she feels. Partisan politics are also an issue, Breymann believes.

"The problem I see is in the U.S. House and the inability to pass legislation that will benefit the people of America," she noted. "It is the duty of Congress to uphold the Constitution and its well-defined freedoms through the amendments."

"Congress has the right to tax the people, but no right to burden the people by squandering tax dollars on endless attempts to impeach a fairly elected President," she added. "I

am committed to being accountable to the people as a U.S. Representative."

Breymann is a former public school teacher and she co-owned two small businesses. She obtained a college degree while serving on the Forsan ISD School Board.

For the past 14 years, she's been a shareholder in the National Bank of Andrews and was elected to the board in 2006. She said the position has required her to obtain many hours of annual training with the Office of Comptroller of Currency and

with trade organizations.

"That training keeps me apprised of changing laws and regulations brought about by Congress," she noted.

Breymann said she desires to accomplish several goals if elected to Congress. One ambition is to work with colleagues to assure 1st and 2nd Amendment rights are upheld by Congress.

"I feel they are being threatened in areas such as Freedom of Speech, Religion and to keep and bear arms," she explained. Breymann also supports

a pro-life stance, she said. She is a mother of four children (one died in a car wreck in 2012) and a grandmother of eight.

"I want to protect the lives of unborn and innocent children," Breymann said. "I know Congress cannot legislate morals, but we can be a good example of 'doing unto others as you would have them do unto you.'"

Other ambitions include keeping taxes low and promoting small business, working with other Representatives to "break the barriers of partisan

politics and get back to solving real problems like mental health care and pharmaceutical cost in healthcare."

Breymann also believes safety in America is an issue.

"We need logical and attainable solutions best brought about by forming local subcommittees for public input and ideas," she said. Breymann said she wants to offer "my time and talents to help this country stay on the path to prosperity, growth and compassion to those who need our help."

## Contract

Continued from Page 1

heavy situation that had to be dealt with promptly."

At an Oct. 8 meeting, the school board voted 6-0 to propose terminating Ragland's contract, along with suspending him without pay.

Azam said following the meeting that Ragland had 15 days after the board action to appeal the contract termination proposal.

When no appeal was made by Ragland, the board officially took action with contract termination Tuesday.

Ragland, who was arrested by local police and booked into the county jail Sept. 30, was released to the U.S. Marshals Service in October on a federal agency detainer.

As of mid-October, the Andrews Police Department was still conducting an active investigation into Ragland with assistance from the Texas Rangers and U.S. Secret Service under the guidance of the Assistant U.S. Attorney's Office in Midland.

"Somewhere an innocent child has been victimized to produce these images and the Assistant U.S. Attorney aggressively pursues child pornography offenses," police said.

Federal court hearings will follow the indictments handed down on Oct. 23.

The federal complaint against Ragland based on the police department investigation revealed Ragland admitted to crimes of viewing child pornography and inappropriately touching students, accord-

ing to authorities.

During the investigation, Ragland admitted to officers that he accessed child pornography on a daily basis from the school laptop, investigators said. He also told investigators that he inappropriately touched at least three children and others as well, they added in the affidavit.

Furthermore, Ragland told police he was actually guilty of an accusation of inappropriately touching a student from 2006. That incident was investigated

but deemed unfounded.

In the affidavit, Ragland told investigators he wrote an apology letter to the student.

The school district's technology department in late September received reports of multiple attempts at pornography searches from Ragland's district-issued laptop, school officials said of the initial insight into the alleged crime.

Ragland was "immediately removed" from the classroom Sept. 30 after

the school district's web security filtering blocked pornographic searches by Ragland on his school laptop, according to a school district press release.

"The district immediately removed Mr. Ragland and contacted the Andrews Police Department," the press release stated.

Police then began an investigation that turned up "child pornography on one of Ragland's electronic devices," according to a police department press release.

## Trial

Continued from Page 1

ment at Medical Center Hospital in Odessa that day. While Muniz was at the appointment, Cardenas was in a truck in the parking lot with the infant

other young daughter.

At that time, the infant apparently sustained injuries related to abuse that claimed its life, according to court proceedings. Following the incident, Cardenas apparently informed a valet at the hospital that the infant's skin was purple in color,

revealing lack of oxygen. They rushed the infant inside the hospital.

Police said "an unresponsive infant was taken into Medical Center Hospital where life saving measures were attempted." The infant was later flown to Cook Children's Medical Center in Fort Worth, where the infant was pronounced dead.

Medical examiners and personnel said during the trial that the infant died from blunt force trauma

(to the head), but also had other injuries that included a broken leg, several broken ribs and a detached retina.

Cardenas didn't testify interview he gave to law enforcement officers was played for jurors. In the interview, Cardenas said that he "may have shaken" the infant.

The blunt force trauma could've occurred with the infant's head hitting against a surface or object while being shaken, inves-

tigators believed.

A doctor who testified said that, though the twins were born prematurely, no medical condition could've caused the injuries that tionally, the infant's dire condition resulting from blunt force trauma appeared immediately and could not have manifested from an incident before they arrived at the hospital for Muniz's doctor's

appointment.

Medical records did reveal that the broken ribs sustained by the infant who died had occurred at least a week before.

Postal told jurors that Cardenas perhaps could've injured the infant while attempting resuscitation measures from another health condition or the infant possibly had other health issues.

## Petitions

Continued from Page 1

according to AEC spokesman Tim Gannaway.

The group was issued two blank petitions on Oct. 2 and has until around early December to collect signatures. In late September, the AEC filed a petition with Andrews County Elections Administrator Gracie Mendoza to circulate petitions for alcohol option elections involving the "legal sale of all alcoholic beverages including mixed beverages" and "for beer and wine" in the county.

The required 10 signatures for the petitions to be issued were validated and both petitions were issued. But the group was far from its signature target, recently, according to Gannaway.

"I haven't been able to check lately," he said Friday afternoon. "But we weren't anywhere near our goal a couple of weeks ago."

"The deadline is coming up either just before or after Thanksgiving," he added. "I don't believe we will reach the required number of signatures."

"At this point, I think it's safe to say that Andrews will not have an expanded alcohol option on the ballot in 2020."

The option for the legal sale of all alcoholic beverages including mixed beverages would allow bars and liquor stores to open in the county—which dif-

fers from the options that were narrowly approved in a city election in 2013 to make Andrews wet for the first time.

The AEC stated that the "group aims to open more land for development and encourage new businesses to open in the community" with its recent push. Gannaway said last month the group doesn't plan to hire outside consultants to campaign the petitions this go-around—unlike last time when they were used.

"It is being handled in-house by Andrews Expansion Council members," he explained.

One ambition with the recent petition effort is to do away with the ban on alcohol at the Andrews County Expo Arena, Gannaway noted.

Andrews County had been dry until 2013, when supporters of alcohol sales inside the city limits notched a slight victory with two referendums on the November General Election ballot.

## The Andrews County Library

encourages your church, office, school, organization, work place, or family to participate in the

### 5th Annual Christmas Tree Decorating Challenge

Benefits go to the Andrews Food Pantry

- Set up begins Tuesday, November 12, 2019.
- Take trees down by Friday, January 3, 2020.
- Groups will supply their own tree, lights, decorations, and extension cord.
- The public will vote for their favorite by placing canned or non-perishable food items under the trees.

THEME for decorations: Favorite Movie

Library Hours: Monday - Thursday: 9 am - 8 pm  
Friday: 9 am - 5 pm  
Saturday: 9 am - 1 pm

Details are provided on the back of this flyer.

For more information call  
Andrews County Library at 523-9819

## Public Meeting Notice 2019-2022 Rural Transportation Improvement Program Revision

The Texas Department of Transportation (TxDOT) will conduct a public meeting at the following time, date, and location:

4 p.m. to 6 p.m. Monday, December 2, 2019  
TxDOT Odessa District Office - Large Conference Room  
3901 East Highway 80, Odessa, Texas 79761

The purpose of this meeting is to present proposed revisions to the FY 2019-2022 Rural Transportation Improvement Program (TIP) for the Odessa District and to receive input from the public on the revisions. The Odessa District includes Andrews, Crane, Ector, Loving, Martin, Midland, Pecos, Reeves, Terrell, Upton, Ward, and Winkler counties.

The TIP is a mechanism used by TxDOT and FHWA to fund projects for the next four years and includes all federally funded projects. This meeting is being held pursuant to Title 43, Texas Administrative Code, Section 16.102, which calls for an opportunity for public comment concerning the program.

The proposed TIP Revision includes the addition of a project on SH 302 near Kermit, Winkler County, Texas. The proposed project would widen SH 302 to add an additional travel lane in each direction, from 1.0 mile west of SH 115 to 1.0 mile east of SH 115. The proposed project would also add eastbound and westbound frontage roads, each consisting of one travel lane. Improvements would also include the construction of two overpasses, one at SH 115 and one at the Texas & New Mexico Railroad. No new right of way is proposed for this project, therefore there would be no displacements.

The meeting will be held in an open house format, and TxDOT staff will be available to answer questions.

Persons interested in attending the meeting, who have special communication or accommodation needs are encouraged to contact the district public information officer, Gene Powell, at 432-498-4746 or gene.powell@txdot.gov, at least two days prior to the meeting. Because the public meeting will be conducted in English, any requests for language interpreters or other special communication needs should also be made at least two days prior to the public meeting. TxDOT will make every reasonable effort to accommodate these needs.

Written comments may be submitted to:

Texas Department of Transportation  
Attention: Gabriel A. Ramirez, P.E.  
3901 East Highway 80, Odessa, Texas 79761

Comments may also be emailed to [Gabriel.Ramirez@txdot.gov](mailto:Gabriel.Ramirez@txdot.gov). All comments must be received by 5 p.m. on Wednesday, December 18, 2019, to be included in the official record.

Published on November 17, 2019.

### MEETING

**Alcoholics Anonymous** meet every Thursday from 8:00-9:00 p.m. at **The Scout Hut** located at 322 S. Katherine, Crane, Tx.

### Veteran Help

**Help for veterans available:** The Disabled American Veterans will come to you. Give us a call, Paul Reed, 432-557-4578.

### Help Wanted

**Full and Part Time positions** available for a sales clerk at the Crane Chevron Fillin Station. Come in to apply.

### Help Wanted

**McCamey County Hospital District** is currently seeking a Part-Time Dietary Cook/Aide. Apply online at [www.mccamey-hospital.org](http://www.mccamey-hospital.org) For further information, contact Ashley Johnson at (432)652-8626 or [ajohnson@mchdtx.net](mailto:ajohnson@mchdtx.net).

## SENIOR CITIZEN MENU

Thursday, November 14  
Roast Turkey/Dressing, Giblet Gravy, Green Peas, WW/Roll/Bread, Waldorf Salad, Pumpkin Pie & Low Fat Milk

Friday, November 15  
Beef Brisket, Hot Potato Salad, Oven Ready Okra, Carrot Coin Salad, Whole Wheat Roll/Bread, Mandarin Oranges & Low Fat Milk

Monday, November 18  
Chili/Cornbread, Salad, Pudding & Low Fat Milk

Tuesday, November 19  
BBQ Chicken, German Potato Salad, Mixed Vegetables, WW Roll/Bread, Coleslaw, Raspberry Ribbon Desert & Low Fat Milk

Wednesday, November 20  
Chopped Steak W/Brown Gravy, Mashed Potatoes, Peas & Carrots, Tossed Salad, Sliced Peaches & Low Fat Milk

### Public Hearing

Notice is hereby given that the Crane Volunteer Fire Department has requested a variance from the Texas Department of State Health Services to operate their EMS service while not in compliance with the law. The variance, if approved would allow the provider to operate their emergency vehicles without meeting the minimum staffing requirements of at least two certified Emergency Care Attendants while responding to and transporting emergency patients. The hearing is scheduled for 7:00 PM November 25, 2019 at the Crane Fire Department Building. The public is encouraged to attend.

Crane Fire Chief Brodey Smith

### Accepting Applications

THE CRANE COUNTY JUSTICE OF THE PEACE IS TAKING APPLICATIONS FOR A PART-TIME CLERK IN THE JP OFFICE. APPLICATIONS ARE AVAILABLE ONLINE OR MAY BE PICKED UP AT THE CRANE COUNTY COURTHOUSE FROM THE COUNTY JUDGE AND COMMISSIONER'S ASSISTANT DURING BUSINESS HOURS AND SHOULD BE TURNED IN TO THE SAME OFFICE ON OR BEFORE MONDAY, NOVEMBER 25, 2019 @ 4:00 P.M. OFFICE EXPERIENCE, BILINGUAL, FILING, ANSWERING PHONES, AND PEOPLE SKILLS A MUST FOR THIS POSITION.

### Thank You

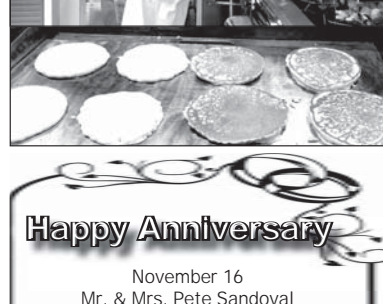

The Crane Noon Lions Club would like to thank the community of Crane for coming out to our annual Pancake Supper last Friday night and supporting our local First Responders. This year's event has surpassed previous pancake suppers, showing the support we have for our local First Responders. It was even better than we anticipated it would be, and we are very proud to have done this for our community.

Sincerely,  
Weldon Hayes, President  
Crane Noon Lions Club

### Lion's Club Pancake Supper

was busy the entire evening. There were a steady stream of hungry supporters coming in the door from beginning to end. Some said that the cooks were smoking hot, but it was actually just the griddles cooking about 550 giant pancakes that heated up the room at the Crane Senior Citizens Center.

If you would like to join in with service projects like this then the Crane Noon Lions Club would be happy to have you come and join them. They meet at My Friend's Grill at Noon on Tuesday in the upper room. The Lions club is a service organization that focuses on local community service projects as well as being famous for collecting eye-glasses for people in need.

### Public Meeting Notice

#### 2019-2022 Rural Transportation Improvement Program Revision

The Texas Department of Transportation (TxDOT) will conduct a public meeting at the following time, date, and location:

4 p.m. to 6 p.m. Monday, December 2, 2019  
TxDOT Odessa District Office - Large Conference Room  
3901 East Highway 80, Odessa, Texas 79761

The purpose of this meeting is to present proposed revisions to the FY 2019-2022 Rural Transportation Improvement Program (TIP) for the Odessa District and to receive input from the public on the revisions. The Odessa District includes Andrews, Crane, Ector, Loving, Martin, Midland, Pecos, Reeves, Terrell, Upton, Ward, and Winkler counties.

The TIP is a mechanism used by TxDOT and FHWA to fund projects for the next four years and includes all federally funded projects. This meeting is being held pursuant to Title 43, Texas Administrative Code, Section 16.102, which calls for an opportunity for public comment concerning the program.

The proposed TIP Revision includes the addition of a project on SH 302 near Kermit, Winkler County, Texas. The proposed project would widen SH 302 to add an additional travel lane in each direction, from 1.0 mile west of SH 115 to 1.0 mile east of SH 115. The proposed project would also add eastbound and westbound frontage roads, each consisting of one travel lane. Improvements would also include the construction of two overpasses, one at SH 115 and one at the Texas & New Mexico Railroad. No new right of way is proposed for this project, therefore there would be no displacements.

The meeting will be held in an open house format, and TxDOT staff will be available to answer questions.

Persons interested in attending the meeting who have special communication or accommodation needs are encouraged to contact the district public information officer, Gene Powell, at 432-498-4746 or [gene.powell@txdot.gov](mailto:gene.powell@txdot.gov), at least two days prior to the meeting. Because the public meeting will be conducted in English, any requests for language interpreters or other special communication needs should also be made at least two days prior to the public meeting. TxDOT will make every reasonable effort to accommodate these needs.

### The Love of Christ

(Eph 5:25). That everyone on this earth. As we live our lives day by day we need to be mindful of the wonderful love of our savior Jesus Christ. Paul writes in 2 Corinthians 5:14-15 "For the love of Christ controls us, having concluded this, that one died for all, therefore all died; and He died for all, so that they who live might no longer live for themselves, but for Him who died and rose again on their behalf." Jesus wants us to live with Him forever and that is why He went to the cross to die for us. Jesus was deeply loved by His Father and Jesus says in John 15:9 "Just as the Father has loved Me, I have also loved you; abide in My love." He went on to prove His love by laying down His life for us. We cannot begin to understand the total love that Christ had for each of us and He is longing for all of us to come to Him and live a life in accordance with the Holy Scriptures. We can see from the scriptures that Jesus loved God (John 14:31), all sinners (Mark 10:21), and the church

(2 Cor 5:14), causes us to love (1 John 4:19), causes us to obey (John 14:23), and causes us to sacrifice (1 John 3:16). Therefore, we have a responsibility to know Christ's love (Eph 3:19), abide in His love (John 15:9-10), and to imitate the love of Christ (John 13:34). Christ gave His all for us, what have we given Him?

Submitted by Mary Street church of Christ.

## JANE DUNN SIBLEY MEMORIAL

People gathered on Nov. 10 to celebrate the life of Jane Dunn Sibley, who died at age 95 in May. The memorial service was held at the St. Stephen's Episcopal Church, and was attended by friends, family and city supporters. Local resident and historian Kellie Templeton was present to pay her respects. "She did a lot for Fort Stockton," she said. (Aurora Sain)

### James Lee (Jimmy) Barbee

James Lee (Jimmy) Barbee of Fort Stockton, Texas died in his home on Tuesday, Nov. 12, 2019 at the age of 92. He was born Aug. 6, 1927 in Fort Collins, Colorado. At the age of 17 his mother signed for him to join the Navy as a Seabee. He served in the Navy on two ships, the

USS Palaw and the USS Midway. He also served in the Battle of Iwo Jima and Okinawa. Throughout his career he received medals for Good Conduct, China Medal, American Area Asiatic, Pacific Area, Philippine Liberation, European African Area, and the Victory WWII Medal. He finished his Navy career in Norfolk, VA as a deep sea diver. He went on to become a Major in the West Texas Civil Air Patrol, Group 16. He was also a Group Commander, a Colonel, in the Confederate Air Force.

After his military career, he pursued a love of knife making. Barbee Knives became a sought after knife not only in

West Texas but also worldwide.

He is survived by his wife of 70 years, Patsy Lee Barbee. Also surviving are his three children, Johnny Lee Barbee, Marla Dobson and her husband, Mickey Dobson, and Sharron Spears; as well as his grandchildren Jennifer Barbee, Jillian Walker, Brian Barbee, Taylor Condit, Barbee Condit, Jody Priest, and Nelson Schauer. Additionally, he has 13 great grandchildren.

He is also survived by other close family members that include his brother and sister-in-law, Johnny Rae and Janis Barbee, Eddie and Charlotte Bradford, Jimmy Rae and Denise Barbee, and Bill "Cowboy"

Condit.

Funeral services will be entrusted to Kenbow Funeral Home in Ozona, Texas. A graveside service will be held Saturday, Nov. 16, 2019 at 1 p.m. at Cedar Hill Cemetery in Ozona. The family will receive visitors immediately following at the Visitor Center 505 15th St. Ozona, Texas. The family requests donations be made to the Permian Basin Honor Flight in lieu of flowers.

Jimmy "Granddaddy" Barbee will leave behind a legacy of love of family, his country, and West Texas. All that knew him knew his passions. He will be forever missed but comfort rests knowing he lived a full life.

### Virginia Mae McCollom

Virginia Mae McCollom, age 85, of Runaway Bay, Texas went to be with her Lord on Nov. 7, 2019. Services will be at Johnson's Funeral Home Chapel, 435 W. Beauregard Ave, San Angelo, Texas 76903 at 10 a.m. on

Saturday, Nov. 16. Burial will follow at Fairmount Cemetery in San Angelo, Texas, 1120 W. Ave N, San Angelo. Pallbearers are Jeremy McCollom, Tate Turnbo, Theo McCollom, Clint McCollom, Taylor Turnbo, and Brent Leffingwell.

She was born on January 14, 1934 to Eston Edge and Virginia (Harrison) Edge in Pecos, Texas.

She married Theodore D. McCollom on March 24, 1951 in San Angelo, Texas at the home of her great aunt, Ida Mae Powell.

She was a member of the Runaway Bay Church.

Virginia was in accounting and was also a handwriting expert. She served on several charities, including Make A Wish, Concho Cadre, Fort Stockton Beta Sigma, Water Carnival, and Wise County Domestic Violence.

She will be greatly missed by family and friends.

Virginia is survived by sons Jerry Bob McCollom and wife Carolyn, Ted McCollom, Jr. and wife Marilyn; daughters Carol Turnbo and husband Hal, Kathrin Raby-Keim and husband Gary; brothers Bob Edge and Paul Leffingwell;

sister Patricia Kennedy; grandchildren Bitsy Lansford, Paul Raby, Jeremy McCollom, Kim Stone, Cindy Collier, Michaela Turnbo, Tate Turnbo, Theo McCollom, and Clint McCollom; 26 great-grandchildren, and 5 great-great grandchildren; and numerous other family.

She was preceded in death by husband Theodore D. McCollom, parents Eston Edge and Virginia Kelly, sister Billye Jacklyn Johnson, son-in-law Thomas Raby, grandson James F. Raby and wife Candice, and grandparents Clint and Inez D. Harrison.

### Dorman Dwain Vick "Pepa"

Heaven gained another angel!! Dorman Dwain Vick "Pepa" entered into rest on Nov. 10, 2019 at the age of 82. He was born August 27, 1937 in Indian Gap, Texas.

He was preceded in death by his parents, John and Nettie Vick, and his wife, Mary Lynn Vick, brothers Dink Vick,

and Therman Vick, and sisters Georgia Faye Vick, and Darlene Bryan.

He is survived by his son, David Vick and wife Sonya Vick, of Battlement Mesa, Colorado; and daughters, Teresa Lemons and husband Cliff Lemons, of Fort Stockton, Texas, and Darla Cude and husband Warren Cude of Fort Stockton, Texas; and special friend, Winnie Kidd. Grandchildren are LaShawn Lemons, Courtney Lemons, Shannan Vick, Tanner Cude, Chayne Vick, and great grandchild, Codi Cude.

Dorman was a rancher, a sheep and cattle man, a dad, a granddad, a great-granddad, a lion hunter and trapper of

varmints on the ranch, and always helped the area ranchers when he could. He worked over 25 years on the San Angelo Breeding Sheep Committee and supported the Pecos County Livestock Show and hauled kids and grandkids across Texas to all of the major livestock shows.

He loved to fish - always catching the big ones - and loved to pull those slot machine handles!

He lived life as he wanted to and went home to be with Granny, as he wanted to.

Vios con dios Pepa, until we meet again. Visitation was Tuesday, Nov. 12, 2019 from

5 to 7 p.m. at Heritage Funeral Home, 301 N. Main St., Fort Stockton, Texas. Graveside Service were held at Trans Pecos Ranch Cemetery, Trans Pecos Road, #2, Fort Stockton, Texas, on Wednesday, Nov. 13, 2019 at 11AM. In lieu of Flowers, please make donations to the charity of your choice.

Remembrances and condolences may be shared with the family at: [www.heritagefuneralhomeofthebigbend.com](http://www.heritagefuneralhomeofthebigbend.com)

Texas Department of Transportation

### Public Meeting Notice

#### 2019-2022 Rural Transportation Improvement Program Revision

The Texas Department of Transportation (TxDOT) will conduct a public meeting at the following time, date, and location:

4 p.m. to 6 p.m. Monday, December 2, 2019  
TxDOT Odessa District Office - Large Conference Room  
3901 East Highway 80, Odessa, Texas 79761

The purpose of this meeting is to present proposed revisions to the FY 2019-2022 Rural Transportation Improvement Program (TIP) for the Odessa District and to receive input from the public on the revisions. The Odessa District includes Andrews, Crane, Ector, Loving, Martin, Midland, Pecos, Reeves, Terrell, Upton, Ward, and Winkler counties.

The TIP is a mechanism used by TxDOT and FHWA to fund projects for the next four years and includes all federally funded projects. This meeting is being held pursuant to Title 43, Texas Administrative Code, Section 16.102, which calls for an opportunity for public comment concerning the program.

The proposed TIP Revision includes the addition of a project on SH 302 near Kernit, Winkler County, Texas. The proposed project would widen SH 302 to add an additional travel lane in each direction, from 1.0 mile west of SH 115 to 1.0 mile east of SH 115. The proposed project would also add eastbound and westbound frontage roads, each consisting of one travel lane. Improvements would include the construction of two overpasses, one at SH 115 and one at the Texas & New Mexico Railroad. No new right of way is proposed for this project, therefore there would be no displacements.

The meeting will be held in an open house format, and TxDOT staff will be available to answer questions.

Persons interested in attending the meeting who have special communication or accommodation needs are encouraged to contact the district public information officer, Gene Powell, at 432-498-4746 or [gene.powell@txdot.gov](mailto:gene.powell@txdot.gov), at least two days prior to the meeting. Because the public meeting will be conducted in English, any requests for language interpreters or other special communication needs should also be made at least two days prior to the public meeting. TxDOT will make every reasonable effort to accommodate these needs.

Written comments may be submitted to:

Texas Department of Transportation  
Attention: Gabriel A. Ramirez, P.E.  
3901 East Highway 80, Odessa, Texas 79761

Comments may also be emailed to [Gabriel.Ramirez@txdot.gov](mailto:Gabriel.Ramirez@txdot.gov). All comments must be received by 5 p.m. on Wednesday, December 18, 2019, to be included in the official record.

### Take Greater Control of Your 401(k)

If your employer offers a 401(k) or similar plan, you've got a powerful retirement-savings tool at your disposal. And yet, how well you do with your 401(k) depends greatly on your choices and actions. What steps can you take to maximize the benefits of your plan?

For starters, be aware that your 401(k) may come with what might be called "standard" features, which you should review to determine their applicability to your situation. These features include the following:

**Default deferral rate** – When you take a job, your employer may automatically enroll you in the company's 401(k) plan and assign a "default" contribution rate – the percentage of your salary you will put in to your 401(k). Many companies choose a default rate of 3 percent, although, in recent years, there has been a move toward higher rates, even up to 6 percent. Unfortunately, too many people don't question their default rate, which could be a problem, especially if it's at the lower end. If you want your 401(k) to ultimately provide you with as many financial resources as possible, you will likely need to contribute as much as you can afford. So, be aware of your default rate, and, if you can possibly afford it, increase that level. And every time your salary goes up, consider boosting your contributions.

**Investment mix** – When you're automatically enrolled in your 401(k), the amount you might initially contribute isn't the only "off the shelf" feature – you also might be assigned a default investment option. One common default investment is known as a target-date fund, which generally includes a mix of stocks, bonds and cash instruments. Your 401(k) plan provides, or your human resources area, will typically base this mix on your age and

projected retirement date. Usually, this fund will grow more conservative over time, reflecting the need to reduce the portfolio's risk as you get nearer to retirement. However, you may not be obligated to stick with the default option.

Most 401(k) plans usually offer several options from which to choose. Ideally, you'd want to spread your investment dollars among a mix of these investments to give yourself the greatest growth potential, given your risk tolerance and time horizon. And always keep in mind that your 401(k) is a long-term vehicle, designed to help you prepare for a retirement that may be decades away. Consequently, try to discipline yourself to look past the inevitable short-term drops in your portfolio.

**Matching contributions** – If your employer offers a 401(k) matching contribution, you should certainly take advantage of it. Consider this: If you employer matches 50 cents for every dollar you contribute, up to 6 percent of your pay, and you contribute the full 6 percent you would, in effect, be receiving a 3 percent pay raise (50 percent of 6 percent). That's like a 50 percent rate of return even before you invest this added money.

Taking control of your 401(k) in the ways described above can help go a long way toward getting the most from your plan – and, as a result, may help get you closer to supporting the retirement lifestyle you've envisioned.

 -Request assist unsure if structure fire or trash burning back yard & block is full of smoke. Corner of 9th & Upton, C-14 responded.

## Texas Comptroller Glenn Hegar Announces Recognition for Financial Reporting

(AUSTIN) — Texas Comptroller Glenn Hegar today announced his agency has received the Certificate of Achievement for Excellence in Financial Reporting from the Government Finance Officers Association of the United States and Canada (GFOA) for its fiscal 2018 Comprehensive Annual Financial Report (CAFR). The agency has received this honor for 29 consecutive years. The certificate is GFOA's highest form of recognition in the area of governmental accounting. "I want to express my gratitude to all the hardworking employees of my office and the hundreds of financial reporting professionals

at state agencies and universities across Texas who've worked together to produce a CAFR that exemplifies transparency and accountability," Hegar said. "The Certificate of Achievement is a prestigious national award that recognizes conformance with the highest standards in preparing state and local government financial reports. I truly appreciate the professionalism, dedication and coordination with the State Auditor's Office to turn out such an outstanding product year in and year out. The award is well earned."

The Texas CAFR presents a comprehensive picture of the state's financial condition by com-

binning the annual financial reports of all Texas state agencies and universities. It provides the state's taxpayers, customers, investors and creditors with a general overview of its finances and demonstrates accountability for the money it receives.

Unlike a budget that provides a plan for a future period, a CAFR illustrates the actual results of the prior fiscal year's financial activities (revenue, expenditures, changes in fund balances, liabilities, etc.).

The Texas CAFR "has been judged by an impartial panel to meet the high standards of the program, which include demon-

strating a constructive spirit of disclosure to clearly communicate its financial story and motivate potential users and user groups to read the CAFR." GFOA Technical Services Director Michele Mark Levine said in presenting the award.

The GFOA established the Certificate of Achievement for Excellence in Financial Reporting Program in 1945 to encourage state and local governments to go beyond the minimum requirements of generally accepted accounting principles and to recognize governments that achieve this goal.

Visit the Comptroller's website to view the Texas CAFR.

## Texas Drilling Permits and Completions Statistics for October 2019

The Railroad Commission of Texas (Commission) issued a total of 971 original drilling permits in October 2019 compared 1,149 in October 2018. The October 2019 total included 895 permits to drill new oil or gas wells, 13 to re-enter plugged well bores and 63 for re-completions of existing well bores. The breakdown of well types for those permits is 249 oil, 39 gas, 608 oil or gas, 61 injection, three service and 11 other permits.

In October 2019, Commission staff processed 537 oil, 117 gas, 29 injection and six other completions compared to 987 oil, 170 gas, 49 injection and seven other completions in October 2018. Total well completions processed for 2019 year to date are 7,763; down from 9,254 recorded during the same time period in 2018.

According to Baker Hughes Inc., the Texas rig count as of Nov.1 was 416, representing about 51 percent of all active rigs in the United States.

For additional drilling permit and completion statistics, visit the Commission's website at:

<https://www.rrc.texas.gov/oil-gas/research-and-statistics/well-information/monthly-drilling-completion-and-plugging-summaries/>

### Public Meeting Notice

#### 2019-2022 Rural Transportation Improvement Program Revision

The Texas Department of Transportation (TxDOT) will conduct a public meeting at the following time, date, and location:

4 p.m. to 6 p.m. Monday, December 2, 2019  
 TxDOT Odessa District Office - Large Conference Room  
 3901 East Highway 80, Odessa, Texas 79761

The purpose of this meeting is to present proposed revisions to the FY 2019-2022 Rural Transportation Improvement Program (TIP) for the Odessa District and to receive input from the public on the revisions. The Odessa District includes Andrews, Crane, Ector, Loving, Martin, Midland, Pecos, Reeves, Terrell, Upton, Ward, and Winkler counties.

The TIP is a mechanism used by TxDOT and FHWA to fund projects for the next four years and includes all federally funded projects. This meeting is being held pursuant to Title 43, Texas Administrative Code, Section 16.102, which calls for an opportunity for public comment concerning the program.

The proposed TIP Revision includes the addition of a project on SH 302 near Kermit, Winkler County, Texas. The proposed project would widen SH 302 to add an additional travel lane in each direction, from 1.0 mile west of SH 115 to 1.0 mile east of SH 115. The proposed project would also add eastbound and westbound frontage roads, each consisting of one travel lane. Improvements would also include the construction of two overpasses, one at SH 115 and one at the Texas & New Mexico Railroad. No new right of way is proposed for this project, therefore there would be no displacements.

The meeting will be held in an open house format, and TxDOT staff will be available to answer questions.

Persons interested in attending the meeting who have special communication or accommodation needs are encouraged to contact the district public information officer, Gene Powell, at 432-498-4746 or [gene.powell@txdot.gov](mailto:gene.powell@txdot.gov), at least two days prior to the meeting. Because the public meeting will be conducted in English, any requests for language interpreters or other special communication needs should also be made at least two days prior to the public meeting. TxDOT will make every reasonable effort to accommodate these needs.

Written comments may be submitted to:

Texas Department of Transportation  
 Attention: Gabriel A. Ramirez, P.E.  
 3901 East Highway 80, Odessa, Texas 79761

Comments may also be emailed to [Gabriel.Ramirez@txdot.gov](mailto:Gabriel.Ramirez@txdot.gov). All comments must be received by 5 p.m. on Wednesday, December 18, 2019, to be included in the official record.

## Pecos puts four on all-district VB squad

Four members of the Pecos Eagles volleyball team were named to the All-District 2-4A volleyball team, released over the weekend, with sophomore Ashley Hodges earning Newcomer of the Year honors for the Eagles.

Hodges was added to the varsity squad early in the season and ended up as the main setter for Pecos, which placed third in district this season with a 4-4 record, and ended up 19-22 overall this season. She was one of three Eagles named to the first team 2-4A squad, with senior hitter Aubrie Terry and junior libero Andrea Garcia the other two named for Pecos.

Terry was Pecos' leading hitter and blocker this season, while Garcia would play the back line specialist role for the Eagles for most of the 2019 season. The other Eagle named to the team was also a junior, in Aubrie Navarette, who played at both middle and outside hitter this season.

Coach Gary Garcia said three other Eagles, junior blocker Alessandra Lazcano, junior backline player Kenzie Valenzuela and senior backline player Jaylynn Navarette, were honorable mentions on this year's 2-4A team.

The Eagles lost to Mountain View in the bi-district round of the Class 4A playoffs, while district champion Monahans, runner-up Andrews and fourth place Seminole all were eliminated over the weekend in the area round of the playoffs. The Lobos and Mustangs both ended up with six players named to the all-district team.

Monahans, which lost to Dumas in the area round, was led by junior hitter Taryn Griner, who was named Most Valuable Player for 2019. Another Lobos junior,

ASHLEY HODGES

AUBRIE TERRY

ANDREA GARCIA

AUBRIE NAVARETTE

Macy Watts, was selected as Outstanding Defensive Player, while the other first team selections were senior setter Aneay Porras and sophomore hitter Nana Hernandez. Named to the second team were senior hitter Miriam Mendoza and senior libero Bel Herrera.

Andrews, which lost a playoff for first to Monahans and fell over the weekend to Hereford in the area round, also had two of the top selections. Senior Alvia Mayfield was named Outstanding Hitter and junior Miranda Trevino won Outstanding Setter honors.

Senior hitter Savannah Infante and junior hitter Kassidy Epperson were the other first team selections, while the Mustangs' second team picks were outside hitters Jazz Johnson, a senior, and Alyssa Vasquez, a junior.

Seminole had two first team selections, in senior setter/hitter Kassey Gallardo and senior middle hitter Rita Klassen, while junior setter Jazlyn Cortez was the Maidens' second-team selection. Fort Stockton had two second team picks, in senior hitter Katie Salmon and senior libero Rebecca Rodriguez.

## Eagles

line at halftime, if we could just get him four yards, we're in good shape, because he was bouncing around in there like a little pinball sometimes to get to those four yards, but he runs hard."

Tony Armandariz's extra point tied the game, and the Eagles would then take advantage of two more Snyder penalties to force their first punt of the night, before starting an 81-yard scoring drive.

Granado would break through the line for a 49-yard run, on a play where he appeared to be stopped at the line, and Saldana would gain 17 yards on the next two carries to set up a one-yard TD by Velasquez.

That would begin a stretch of five touchdowns over the next five minutes, as Snyder would come back and re-tie the game, off a pass across the middle by Tavaraz to Williams that turned into a 43-yard score, before Pecos answered back on their next offensive play, with Saldana finding a hole on the left side for a 75 yard touchdown run.

That came 17 seconds after Williams' TD, but Tavaraz would then complete his 202-yard first half of passing, finding Dominguez on a 45-yard TD with 1:18 to play. The Eagles used a kickoff return by Ethan Orona to midfield to set up fourth TD of the quarter.

Four runs by Velasquez and Granado got the ball to the Tigers' 36 with 20.9 seconds left, when Velasquez took a snap out of the Wildcat and found Saldana open behind the Tigers front line. He would get the ball down to the Snyder 1 with 10.6 seconds left, and after using their final time out, Velasquez scored on a quarterback keeper for the 27-21 lead.

"We put on a couple of plays just to have them, just in case," Olson said of the pass play. "We pulled two of them out tonight, but we've still got two in the back pocket."

Snyder's first series of the second half started out like their first half series, with Tavaraz completing a couple of first down passes. But the Eagles would stop runs by Maverick Hernandez and

Samaniego, and after the Tigers weren't able to get Pecos to jump offside on a 4th-and-2 play, coach Wes Wood opted for a 29-yard Oliveras field goal, to cut Pecos' margin to three.

The Eagles would also start the second half the way they ended the first. Sean Castillo would gain 28 yards on a counter play, and Granado would break loose for 20-yards, down to the Tigers' 1, before scoring on the next play.

A high snap would cost Pecos a try for two points, and looked like it would give two to Snyder, as Williams scooped up the loose ball and raced 68 yards to the end zone. But an illegal block would wipe out the score keeping the Eagles' lead at nine.

Snyder's next series would end when Jose Garza broke through the line and forced Tavaraz into a 3rd-and-7 intentional grounding call.

"Defensively we had a couple of busts and a couple of communications errors, but we got those fixed," Olson said of the first half problems, adding there didn't make any adjustments at halftime. "We preach to our kids all the time about controlling what you can control, and in the first half we were doing some things a little out of our character, and not what we should be doing."

"We got those things fixed at halftime, not with any true adjustments, but just making sure we're doing what we're supposed to do, and the kids did a good job in the second half" he said.

The Eagles would take over at their own 37 on Oliveras' punt after the grounding call, and would survive a trio of holding calls, the second wiping out most of a 42-yard run by Velasquez. Granado would get a first down on a 16-yard gain after that hold, and Granado would convert a 4th-and-1 with a 13-yard run down to the Snyder 20.

Two plays into the final period, he would score from two yards out, and Velasquez then went in on the two-point conversion run for a 41-24 Pecos lead. Tavaraz would miss on his next two passes, and Williams would be dropped

From Page 2B

for a five-yard loss to force another punt, and the Eagles then held the ball for the next 7 1/2 minutes before getting their final score of the night.

Granado would score from five yards out, after converting another 4th-and-1 with an eight-yard run. The final score would also give the senior his fourth 200-yard rushing night of the season, while the Eagles overall would finish with 441 yards rushing.

Snyder still managed to make the playoffs as the No. 3 seed, thanks to Sweetwater's 66-40 win at Monahans on Friday. That allowed the Mustangs to join the Eagles as the other 1-9 team from 2018 to qualify for the playoffs, while their win also ended Fort Stockton's 2019 season. Thanks to losses to both Snyder and Sweetwater, the 7-3 Panthers lost the three-way tiebreaker with the 4-6 Mustangs and the 3-7 Tigers for the final two playoff spots.

Fort Stockton ended their season with a 56-8 win over 0-10 Lamesa. The 10-0 Greenwood Rangers had the final bye week of the season, after clinching their second straight District 1-A Division II title. They'll face the Perryton Rangers in their bi-district playoff game on Thursday, while Sweetwater gets District 2-4A champion Lubbock Estacado and Snyder faces Dalhart in the two playoff games this week. Both those games are scheduled for Friday night.

## Bears

during the remainder of the first half.

The Red Devils would convert their own fourth down situation on their opening series, with Goodley running for 13 yards on a 4th-and-2 play near midfield. That would set up his first score of the night, also on a 13-yard run, four plays later.

Mendoza would then be dropped for a seven-yard loss on the Bears' next offensive play, leading to a 4th-and-13 pass by Carrasco to Gary Abraham that would be picked off by Benjamin Rios, who worked his way across the field and then down the left sideline for a 57-yard touchdown to put the Red Devils ahead.

Rankin would then stop Balmorhea on downs on their next possession, but as the second quarter began the Bears would get their own defensive stop, as Angel Iniguez would sack Titan Quigg for an 11-yard loss and Balmorhea was then able to stop Rios short of a first down on a 4th-and-18 pass by Goodley. Taking over at their own 27, the Bears would get an interference call on Justin Rodriguez on a Kade Weatherman pass to Abraham, and a first down pass to Isaiah Valerio before Weatherman was able to find Carrasco on a 4th-and-12 pass for a 20-yard touchdown.

Both teams had the extra point kicks on their second TDs blocked, and the 14-14 tie would only 21 seconds, as Rodriguez would return Lauro Mata's kickoff to the Bears' 24 yard line, and Goodley would get around the right side of the defense to score on the next play.

Balmorhea would drive into Rankin territory on their next series, but this time, the Bears couldn't convert a 4th-and-1, as

Mendoza was stopped behind the line by Hayden Loftin, and one play later Quigg would find Rios behind the defense for a 49-yard touchdown pass. He then added the extra point for a 30-14 lead.

The Bears would get receivers behind the Red Devils' defense, but would struggle with underthrown balls in the sub-40 degree weather. That included the next play after the kickoff, when Carrasco would try to go to Valerio at midfield, only to have Quigg pick off the pass. Balmorhea would have a chance to get the ball back, but a fumble by Goodley at the end of a 32-yard run would bounce out of bounds, and he would score from six yards out on the next play.

Down by 24 with 1:09 left in the half, the Bears would use all but one second of that to get back into the end zone. Mendoza would get outside for a 32-yard gain with 11 seconds to play. Carrasco would run the ball inside the 10 on the next play, and after the Bears used their final time out, Iniguez was able to dive into the end zone.

But Mata's kick again would be blocked, keeping the Red Devils' with a three-score lead, and on the first play after the kickoff in the third quarter Goodley would break through the line for a 65-yard touchdown, as Rankin's lead went to 46-20.

Balmorhea's opening series of the second half would end on downs, as Abraham couldn't hold onto a fourth down pass by Carrasco, but the Bears would then keep the Red Devils out of the end zone, stopping Quigg at their 24 on a fourth down pass by Goodley. Carrasco would get a first down and Rankin would be penalized for a facemask two plays later, setting up 14- and

10-yard runs by Mendoza, the last getting into the end zone.

The Bears then stopped the Red Devils on downs again late in the third period, as Mata sacked Goodley trying to pass on a 4th-and-8 play. Mendoza then ran for 23 yards to start the final period, and would get his fourth touchdown three plays after that, on a nine-yard run.

Mata's kick cut the margin to 46-36, but that would be the closest they could get. Quigg and Rios would connect on a 14-yard pass, and Rodriguez would run for 19 yards, before Goodley scored on a five-yard run with 5:55 to play. Weatherman and Carrasco then connected on a 31-yard pass, but a pass to Abraham near the goal line would be intercepted by Rios.

Goodley then saw his longest TD run of the night, 75 yards, wiped out by a holding call. But he then completed a 22-yard pass to Rios and would score from 39 yards out with 1:47 to play. Balmorhea answered back immediately with a 50-yard run for a score by Carrasco at the 1:28 mark, but Goodley then got his final TD on a 48-yard run with 1:17 left, and Rios then got his third interception of the night, picking off a Mendoza pass for Carrasco with 42 seconds to play.

Garden City won the District 8-A title on Friday with a 64-46 win over Sterling City. The 8-2 Bearcats faced the Bears in Balmorhea back on Sept. 13, and scored a 68-22 win. It will be the second year in a row the teams have faced each other in the post-season, with Garden City winning in 2018. The winner between the Bears and the Bearcats gets Borden County or Morton in the Region 2-A semifinals next week.

### Public Meeting Notice

#### 2019-2022 Rural Transportation Improvement Program Revision

The Texas Department of Transportation (TxDOT) will conduct a public meeting at the following time, date, and location:

4 p.m. to 6 p.m. Monday, December 2, 2019  
TxDOT Odessa District Office - Large Conference Room  
3901 East Highway 80, Odessa, Texas 79761

The purpose of this meeting is to present proposed revisions to the FY 2019-2022 Rural Transportation Improvement Program (TIP) for the Odessa District and to receive input from the public on the revisions. The Odessa District includes Andrews, Crane, Ector, Loving, Martin, Midland, Pecos, Reeves, Terrell, Upton, Ward, and Winkler counties.

The TIP is a mechanism used by TxDOT and FHWA to fund projects for the next four years and includes all federally funded projects. This meeting is being held pursuant to Title 43, Texas Administrative Code, Section 16.102, which calls for an opportunity for public comment concerning the program.

The proposed TIP Revision includes the addition of a project on SH 302 near Kermit, Winkler County, Texas. The proposed project would widen SH 302 to add an additional travel lane in each direction, from 1.0 mile west of SH 115 to 1.0 mile east of SH 115. The proposed project would also add eastbound and westbound frontage roads, each consisting of one travel lane. Improvements would also include the construction of two overpasses, one at SH 115 and one at the Texas & New Mexico Railroad. No new right of way is proposed for this project, therefore there would be no displacements.

The meeting will be held in an open house format, and TxDOT staff will be available to answer questions.

Persons interested in attending the meeting who have special communication or accommodation needs are encouraged to contact the district public information officer, Gene Powell, at 432-498-4746 or gene.powell@txdot.gov, at least two days prior to the meeting. Because the public meeting will be conducted in English, any requests for language interpreters or other special communication needs should also be made at least two days prior to the public meeting. TxDOT will make every reasonable effort to accommodate these needs.

Written comments may be submitted to:

Texas Department of Transportation  
Attention: Gabriel A. Ramirez, P.E.  
3901 East Highway 80, Odessa, Texas 79761

Comments may also be emailed to [Gabriel.Ramirez@txdot.gov](mailto:Gabriel.Ramirez@txdot.gov). All comments must be received by 5 p.m. on Wednesday, December 18, 2019, to be included in the official record.

## Grady opens basketball seasons with loss to Westbrook

**WESTBROOK** - Grady's varsity and junior varsity girls basketball teams opened the seasons with losses at Westbrook.

The junior varsity was first to play and fell 42-29.

Declaney Saunders and Kenley Ivy led Grady in scoring with double digits point totals of 13 and 11 points.

## Grady falls to Klondike, BC

**KLONDIKE** - The Wildcats fought to a tie against Klondike Thursday night.

Grady scored twice in the first half on touchdown runs by Hunter McAnally.

Klondike put up three touchdowns the second

The Wildcats began a drive on their own 30 with 16 seconds left. Kody Cates hit Hunter McAnally for a 26 yard gain.

As time expired, Cates found Gunner Cherry in the end zone for the game-tying score.

The defense had some big stops in the first half. Kody Cates had a fumble recovery and Matejo DeAnda had an interception.

McAnally led all rushers with 86 yards on 14 carries. McAnally also added 10 tackles on defense.

Cates had 11 tackles. Cherry, DeAnda, and Hunter Blaylock also made stops for the Defense.

Tuesday Night, the Wildcats traveled to Borden County and lost to the Coyotes.

Kody Cates led the defense with nine tackles.

Gunner Cherry had a 61-yd kickoff return for a touchdown to start the scoring for the Wildcats. Charles Deatherage had a 17-yd touchdown run to finish the scoring for the Wildcats.

The Wildcats finish the season 3-4-1.

Kinlee Young and Ashlynn Peugh rounded out the books with three and two points.

The varsity girls wrapped up the evening with a close 53-49 loss.

Raina Short led all scorers with 22 points.

Maddy Garza finished with nine points while Ashley Hill tossed in six.

Haydn Burge and Mercedes Jimenez tallied four points each while Sydney Gonzales and Jessi Everett added two each.

Coming up for the varsity girls is the Forsan tournament this weekend.

They open up with Rankin at 1:30 p.m. Thursday then play Midland Classical.

Grady will play San Angelo Central JV on Friday at 2:30 p.m.

Those are all pool play

games. Saturday will be bracket play. Opponents and times to be determined.

## State playoff football pairings:

**WEST TEXAS** - Neither Stanton nor Grady made the state playoff this season but the teams in their districts hope for a long run.

Region I - 3A DII

Alpine (8-2) vs **Lubbock Roosevelt** (3-7), 7 p.m. Friday at Andrews' Mustang Bowl

**Abernathy** (9-1) vs Reagan County (0-10), 7 p.m. Thursday at Big Spring's Memorial Stadium

**Coahoma** (8-2) vs Anthony (3-7), 7 p.m. Thursday at Fort Stockton's Panther Stadium

Crane (8-2) vs **Idalou** (6-4), 7 p.m. Thursday at Andrews' Mustang Bowl

Region II - 1A DI

Ropes (8-2) vs. **O'Donnell** (5-4), 7 p.m. Friday at Borden County

**Borden County** (10-0) vs. Morton (3-7), 7 p.m. Thursday at Lamesa

Other games of interest are:

**Garden City** (8-2) vs. Balmorhea (9-1), 7 p.m. Thursday at Rankin

Sudan (10-0) vs Iraan (0-10), 7 p.m. Friday at **Stanton's Buffalo Stadium**

**BERKSHIRE HATHAWAY** | Cooper Realty  
HomeServices

**709 S. St. Peter**  
**4 bed, 4.7 acres**

**206 4th Street**  
**3 bed, 2 bath**

**2202 Westside Dr**  
**4 bedroom 3 bath**

**1 acre for lease**  
**close to town**

**Michelle Kidd**  
**432-894-1253**

## Final Standings 2AAA DII

## SHENANDOAH PETROLEUM CORPORATION

### SHENANDOAH BAR M SWD #2SA PUBLIC NOTICE OF APPLICATION FOR COMMERCIAL OIL AND GAS WASTE DISPOSAL WELL PERMIT

**Shenandoah Petroleum Corporation / 24 Smith Rd Suite 601, Midland, TX 79705** is applying to the Railroad Commission of Texas for a permit to dispose of produced salt water or other oil and gas waste by well injection into a porous formation not productive of oil and gas.

The applicant proposes to dispose of oil and gas waste into the San Andres, Shenandoah Bar M SWD Lease, Well Number 2SA. The proposed disposal well is located 6 miles Northeast of Midland, in the Azalea Field, in Midland County, Texas. The waste water will be injected into strata in the subsurface depth interval from 4200 to 5200 feet.

**LEAGAL AUTHORITY:** Chapter 27 of the Texas Water Code, as amended, Title 3 of the Natural Resources Code, as amended, and the Statewide Rules of the Oil and Gas Division of the Railroad Commission of Texas.

Requests for a public hearing from person who can show they are adversely affected, or requests for further information concerning any aspect of the application should be submitted in writing, within fifteen days of publication, to the Underground Injection Control Section, Oil and Gas Division, Railroad Commission of Texas, Drawer 12967, Capitol Station, Austin, Texas 78711 (Telephone 512/463-6792)

## Public Meeting Notice

### 2019-2022 Rural Transportation Improvement Program Revision

The Texas Department of Transportation (TxDOT) will conduct a public meeting at the following time, date, and location:

4 p.m. to 6 p.m. Monday, December 2, 2019  
TxDOT Odessa District Office - Large Conference Room  
3901 East Highway 80, Odessa, Texas 79761

The purpose of this meeting is to present proposed revisions to the FY 2019-2022 Rural Transportation Improvement Program (TIP) for the Odessa District and to receive input from the public on the revisions. The Odessa District includes Andrews, Crane, Ector, Loving, Martin, Midland, Pecos, Reeves, Terrell, Upton, Ward, and Winkler counties.

The TIP is a mechanism used by TxDOT and FHWA to fund projects for the next four years and includes all federally funded projects. This meeting is being held pursuant to Title 43, Texas Administrative Code, Section 16.102, which calls for an opportunity for public comment concerning the program.

The proposed TIP Revision includes the addition of a project on SH 302 near Kermit, Winkler County, Texas. The proposed project would widen SH 302 to add an additional travel lane in each direction, from 1.0 mile west of SH 115 to 1.0 mile east of SH 115. The proposed project would also add eastbound and westbound frontage roads, each consisting of one travel lane. Improvements would also include the construction of two overpasses, one at SH 115 and one at the Texas & New Mexico Railroad. No new right of way is proposed for this project, therefore there would be no displacements.

The meeting will be held in an open house format, and TxDOT staff will be available to answer questions.

Persons interested in attending the meeting who have special communication or accommodation needs are encouraged to contact the district public information officer, Gene Powell, at 432-498-4746 or gene.powell@txdot.gov, at least two days prior to the meeting. Because the public meeting will be conducted in English, any requests for language interpreters or other special communication needs should also be made at least two days prior to the public meeting. TxDOT will make every reasonable effort to accommodate these needs.

Written comments may be submitted to:

## MIGRANTS

From 7A

sent back from the United States.

One woman hid in the bathroom with her daughter and called a local pastor for help; he tried to drive them away, but they were blocked by cartel members blocks way. The two were taken from the car and held by the gangsters, though they eventually were released unharmed.

A spokesperson for the Mexican foreign affairs secretary declined comment on allegations that Mexico cannot guarantee safety for immigrants returned from U.S.

U.S. Border Patrol officials said recently they are continuing to send asylum seekers back over the border, and that includes Nuevo Laredo. The number of people returned there has been reduced recently, but that was related to a decrease in migrants arriving at the border — and not violence in Tamaulipas.

In an interview, Brian Hastings, Border Patrol chief of law enforcement operations, told AP that officials didn't see a "threat to that population" in Tamaulipas and "there was basically a small war between the cartel and the state police" there.

But the numbers indicate the danger is real. As of August, Human Rights First had tabulated 100 violent crimes against returnees. By October, after it rolled out to Tamaulipas, that had more than tripled to 340. Most involved kidnapping and extortion. Kizuka said the danger is even greater than the numbers reflect because they are based solely on accounts his organization or reporters have been able to document.

Of dozens of people interviewed by AP who said they had been victimized in Nuevo Laredo, Reynosa, Matamoros and Monterrey, just one had filed a police report.

Kidnappings of migrants are not a new phenomenon. According to Mexico's National Human Rights Com-

mission, in just six months in 2009 nearly 10,000 migrants were abducted while passing through the country.

Back then the cartels were splintering amid a government policy targeting their top bosses, leading them to fight among themselves in the people-smuggling business to fill two needs: money and labor. Kidnapped migrants generally were told they could avoid being killed by either paying ransom or working for the cartel.

Tamaulipas became a bloody emblem of the problem in 2010 when 72 migrants were found slain at a ranch in San Fernando, and a year later when the bodies of 193 migrants were found in the same area in clandestine mass graves.

Tamaleños became a bloody emblem of the problem in 2010 when 72 migrants were found slain at a ranch in San Fernando, and a year later when the bodies of 193 migrants were found in the same area in clandestine mass graves.

That night they were moved to a thicket near the Rio Grande where they were held captive in an outdoor camp for a week with dozens of others. They met another group of Cubans, who were also abducted shortly after flying into Reynosa; Several taxi and vans brazenly intercepted them in broad daylight, bringing traffic to a halt.

"It was as if we were terrorists and the FBI had swooped down on us," one of the men said. He speculated they may have been betrayed by an airport immigration agent with whom they had argued over their travel documents.

López Obrador's government has said the National Immigration Institute is one of Mexico's most corrupt agencies. In early 2019 the institute announced the firing of more than 500 workers nationwide. According to a person with knowledge of the purge, Tamaulipas was one of four states where the most firings took place. Some worked in airports, others in the city of Reynosa.

In February the institute's deputy delegate to the city was fired and accused of charging detained migrants over \$3,000 to avoid deportation. Later new complaints surfaced of people being shaken down

by \$1,500 to be put at the top of wait lists to present claims in the United States.

At the riverside camp, the Cuban teacher was introduced to its "commander" who demanded "rent" and a fine for not traveling with a guide. The ransom was set at \$1,000.

Previously the Cuban woman's only exposure to the world of organized crime came from movies

she watched on the illegal satellite TV hookup that caused her to run afoul of authorities back home.

Now they were witnessing things both terrifying and hard to understand.

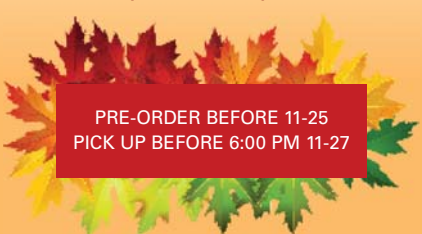

There was the time a man tried to suffocate another with a plastic bag, or when the kidnappers, some barely in their teens, beat a "coyote" for working for a rival outfit. From what

she was able to understand from the shouting, he had been kidnapped along with clients he was guiding and they wanted him to switch loyalties.

The captors at the thicket referred to themselves as "the corporation," the teacher said. People came and went, some delivered by men in uniforms who may or may not have been police.

### Public Meeting Notice

#### 2019-2022 Rural Transportation Improvement Program Revision

The Texas Department of Transportation (TxDOT) will conduct a public meeting at the following time, date, and location:

4 p.m. to 6 p.m. Monday, December 2, 2019  
 TxDOT Odessa District Office - Large Conference Room  
 3901 East Highway 80, Odessa, Texas 79761

The purpose of this meeting is to present proposed revisions to the FY 2019-2022 Rural Transportation Improvement Program (TIP) for the Odessa District and to receive input from the public on the revisions. The Odessa District includes Andrews, Crane, Ector, Loving, Martin, Midland, Pecos, Reeves, Terrell, Upton, Ward, and Winkler counties.

The TIP is a mechanism used by TxDOT and FHWA to fund projects for the next four years and includes all federally funded projects. This meeting is being held pursuant to Title 43, Texas Administrative Code, Section 16.102, which calls for an opportunity for public comment concerning the program.

The proposed TIP Revision includes the addition of a project on SH 302 near Kermit, Winkler County, Texas. The proposed project would widen SH 302 to add an additional travel lane in each direction, from 1.0 mile west of SH 115 to 1.0 mile east of SH 115. The proposed project would also add eastbound and westbound frontage roads, each consisting of one travel lane. Improvements would also include the construction of two overpasses, one at SH 115 and one at the Texas & New Mexico Railroad. No new right of way is proposed for this project, therefore there would be no displacements.

The meeting will be held in an open house format, and TxDOT staff will be available to answer questions.

Persons interested in attending the meeting who have special communication or accommodation needs are encouraged to contact the district public information officer, Gene Powell, at 432-498-4746 or gene.powell@txdot.gov, at least two days prior to the meeting. Because the public meeting will be conducted in English, any requests for language interpreters or other special communication needs should also be made at least two days prior to the public meeting. TxDOT will make every reasonable effort to accommodate these needs.

Written comments may be submitted to:

## Hospital to assist school with physical therapy

By PAUL SCIFRES  
Staff Writer

Ward Memorial Board of Managers approved an agreement with MWPIISD to provide physical therapy services and entered into a contract with On Demand Leadership during last Thursday's regular meeting.

Based on the approved agreement with Monahans-Wickett-Pyote ISD, the Physical Therapy Department of the hospital will provide physical therapy services for Special Education Students. The hospital, according to the agreement, will serve as an "Independent Contractor to perform any and all Physical Therapy Services as required by Monahans Wickett-Pyote ISD. Independent Contractor also agrees to provide a

monthly update of services and activities offered to each student during the month."

Fees for the services be \$75 per session and \$125 for the initial consultation. The hospital will provide Individual Education Plans (IEPs) for physical therapy and provide reports towards goals to MPWISD.

Hospital CEO Leticia Rodriguez said it is expected that treatments for three to five students at any given time will receive service.

Managers present for the meeting were John Fausett, Larry Hunt, Gerald Carlson, Jeff Burdick, Lisa Stewart, Frank Heslin, Angel Fuentes and Tommy Escamilla.

In other actions, the Managers approved a contract with

On Demand Leadership (ODL) to provide leadership development for hospital staff members. ODL, a Houston based company, will provide leader training programs such as Group Training Classes, one-on-one coaching, organizational and individual assessments and group facilitation and problem-solving session.

Cost of the session is \$83,542 per year. The agreement, if not meeting expectations, can be cancelled after six months.

The Managers also approved transferring Private Pay collections to HRRG from TruBridge. All other collection activities will remain with TruBridge. The collection fees will range from eight to 18 percent, depending on the age of the account. Under 45 days will be eight percent, 45-90 days will be 10.25 percent, 90 to 120 days will be 10.5 percent, 121 to 150 days will be 12 percent, 151 to 365 days will be 15 percent and anything over 366 will be 25 percent.

The current collection rate for TruBridge is 12 percent.

HRRG also provides customer options such as a payment portal, pay by phone, email re-

## Lady Lobos look to change course with new coach

By ARMANDO FLORES  
Staff Writer

For the past five seasons, the Monahans Lady Lobos basketball program has endured its most trying time ever. Over that span, the team has lost over 100 games.

This year, Head Coach Victor Pallares inherits a program where the culture has been one of complacency rather than one of being competitive.

Pallares, in his first season in Monahans, hopes to begin the huge task of changing that with an emphasis on defense and conditioning along with taking the right shots.

It begins in a team's identity and mindset, according to Pallares. He emphasizes his team goal is to be D.E.A.D.-ly every night on the court.

"The first four letters have a

meaning," Pallares said.

The first letter is for dedication which includes being dedicated to what they are doing, to the program, to the team, to all around athletics and academics.

He said, "My goal is for each one of those girls is for them to be Academic All-State by the time they walk out of our program. That's where it starts. It takes time especially with a changing culture and higher expectations."

Energy is what the next letter focuses on and is how Pallares wants to see his players.

"I want them to enjoy playing," he said. "Being on the court bringing energy or being on the bench with a towel in your hand and waving it when a girl takes a charge or a big play."

The third letter is for attitude.

"It involves having the right attitude that we're going to go to work. We're going to be dedicated and make people out work us is something that we hope to instill in our players," Pallares said.

The fourth letter is defense. A key ingredient in any successful basketball program is the ability to play defense especially late in the game.

He said, "That's what we're going to be about. Defense is always there at the end of the night. You may be having a bad night on one end and the other you can go down and stay in ball games. There's going to be nights where we're going to have to put our hands in somebody's face and get after it. We still have a long way to go, but it's early and our defense is only going to get better."

Pallares arrives in Monahans from Sundown, where he was Assistant Head Coach for basketball for the past two seasons. Before his stint at Sundown, Pallares was the Girls Head Basketball Coach at Van Horn for three seasons.

The Lady Lobos will play teams from throughout the Permian Basin including tough opponents in Midland Christian, Odessa Permian, but also gain experience in playing teams from the Panhandle of Texas, where girls basketball is a hot bed of competition.

Pallares inherited a partially done schedule for his team, but managed to put in some games to get that much needed experience.

"Some of the schedule was already set," he said. "Some were already on there. Coming in, it is hard to find games so you have to look to have the opportunity to travel and play teams from out of this area like up north. I managed to get one of those for now (Littlefield) and hopefully down the road we can bulk up that schedule so we can play certain teams. If we're ever going to get tougher and better and compete in district and not just for third or fourth, but go after a district championship, we have to bulk up our schedule."

The team scrimmaged Midland Lee, which proved to be a daunting task. Their tournament schedule includes the O.W. Follis Tournament in Lamesa, the Hootpout Tournament in Stanton, and the Wildcat Classic in Littlefield.

Last year, the program only won eight games and failed to make the playoffs.

Returning from last year's squad is guard Taegan Noyola, who has playoff experience from two seasons ago and would love nothing more than to finish her senior year with a good run in district play and into the post-season.

Daisy Venegas, who has been impressive defensively and shooting early on, is returning for her senior year.

Adriana Hernandez, who was moved up to varsity at district last year, was impressive offensively last year and in crashing the boards on defense.

Vangie Primera, a junior, will provide another steady hand entering her third season on varsity.

Sophomore D'Andrea Smith, who gained varsity experience last season as a freshman, will provide quality minutes and leadership on the floor from the backcourt along with Noyola.

Absent from this year's squad is Taryn Griner. The dual sport athlete in basketball and swimming last year has opted to concentrate only on swimming and will not be on the hardwood floor this season.

After playing on the road this Saturday against Alpine at 12:30, the Lady Lobos return home on Tuesday as they host Snyder at 6 p.m.

## CRASHES — From page 1A

westbound on I-20 when Wilbanks said Logan-Padilla failed to control speed and struck the trailer, causing it and the cab of his truck to catch fire. Local firefighters and Ward County EMS and sheriff's deputies also were called to the scene, and the crash would close I-20 between Pyote and the Frontage Road exit for several hours.

Zapata-Mata was not injured in the crash. Along with Wilbanks, the crash was investigated by DPS troopers Leonel Pizano, Kody Gayle, Cullen Rich and Daniel Leyva of Monahans and Domenick Puricelli of Odessa.

Wilbanks was also lead investigator on the second crash, which happened at 12:04 a.m. on Nov. 1 at mile marker 70, between Wickett and Pyote in Ward County. In that crash, he said a 2006 Infinity G35 driven by William Jaden Foster, 20, of Southaven, Miss., was westbound at a high rate of speed when he lost control of his

vehicle and entered the center median of I-20, before going into a roadside skid, crossing the eastbound lanes and striking a concrete barrier at the Spur 65 overpass.

Foster was transported to Medical Center Hospital in Odessa with incapacitating injuries. Killed was a passenger in his vehicle, identified as Edwin Gonzalez, 18, of Byhalia, Miss. He was pronounced dead by JP Polanco and his body taken to Harkey Funeral Home. The crash forced the closure of the eastbound right lane of I-20 for several days while inspections and repairs could be made to the overpass and its support column.

Along with Wilbanks, Pizano, Gayle, Rich, Leyva and Ofelia Flores of Pecos were the assisting DPS troopers. Ward County Sheriff's Deputies and Texas Department of Transportation workers also worked the accident scene.

## COATS — From page 1A

25 coats were given out.

The Women's Division has been collecting coats all year long with the primary focus of providing coats for children. About 150 coats have been collected for the drive. People in need of coats are encouraged to drop by the Chamber office during the distribution hours on Thursday.

## BLANKETS — From page 1A

tion throughout the Permian Basin.

Last year, over 300 blankets were collected locally. The collection effort started last week and will continue until the second week of December.

New blankets can be dropped off at the Chamber of Commerce Office, located at 1525 East Monahans Parkway

## Public Meeting Notice

2019-2022 Rural Transportation Improvement Program Revision

The Texas Department of Transportation (TxDOT) will conduct a public meeting at the following time, date, and location:

**4 p.m. to 6 p.m. Monday, December 2, 2019**  
**TxDOT Odessa District Office – Large Conference Room**  
**3901 East Highway 80, Odessa, Texas 79761**

The purpose of this meeting is to present proposed revisions to the FY 2019-2022 Rural Transportation Improvement Program (TIP) for the Odessa District and to receive input from the public on the revisions. The Odessa District includes Andrews, Crane, Ector, Loving, Martin, Midland, Pecos, Reeves, Terrell, Upton, Ward, and Winkler counties.

The TIP is a mechanism used by TxDOT and FHWA to fund projects for the next four years and includes all federally funded projects. This meeting is being held pursuant to Title 43, Texas Administrative Code, Section 16.102, which calls for an opportunity for public comment concerning the program.

The proposed TIP Revision includes the addition of a project on SH 302 near Kermit, Winkler County, Texas. The proposed project would widen SH 302 to add an additional travel lane in each direction, from 1.0 mile west of SH 115 to 1.0 mile east of SH 115. The proposed project would also add eastbound and westbound frontage roads, each consisting of one travel lane. Improvements would also include the construction of two overpasses, one at SH 115 and one at the Texas & New Mexico Railroad. No new right of way is proposed for this project, therefore there would be no displacements.

The meeting will be held in an open house format, and TxDOT staff will be available to answer questions.

Persons interested in attending the meeting who have special communication or accommodation needs are encouraged to contact the district public information officer, Gene Powell, at 432-498-4746 or gene.powell@txdot.gov, at least two days prior to the meeting. Because the public meeting will be conducted in English, any requests for language interpreters or other special communication needs should also be made at least two days prior to the public meeting. TxDOT will make every reasonable effort to accommodate these needs.

Written comments may be submitted to:

Texas Department of Transportation  
Attention: Gabriel A. Ramirez, P.E.  
3901 East Highway 80, Odessa, Texas 79761

Comments may also be emailed to Gabriel.Ramirez@txdot.gov. All comments must be received by 5 p.m. on Wednesday, December 18, 2019, to be included in the official record.

## Parade

» From Page 1A

"... We'll have to spend lots of practice time because I want to make sure the girls know it and are prepared so when they walk into rehearsals they're representing Panther Paws and Permian High School to the best of their ability," Carter said.

She added that taking part in the parade is a once-in-a-lifetime experience, although they will probably be very cold, but "it will be worth it in the end."

They will be a busy rehearsal schedule.

"... There's one whole day where they literally practice the entire day. It's like morning and an afternoon and an evening practice. They have several practices throughout and then there's a night they do a dress rehearsal at Macy's with the cameras so that way the cameras can practice with them," Carter said. "They do their dress rehearsal downtown and then the next time they perform it is the parade. They also do a dress rehearsal in the hotel that all the parents get to come and watch."

The group will spend about a week in New York for the event.

"We get to see two Broadway musicals," Carter said. "We get to see the Rockettes. We get to see the 9/11 museum... I think that's a huge thing for kids to see and experience such a huge event in our history. We're going to get to go on a dinner cruise in the harbor, so they get to see the Statue of Liberty, all the bridges, get to ice skate in Central Park, and then of course just normal Times Square and Rockefeller Center—all that stuff and a little shopping."

Carter expressed thanks to everyone who helped the students fundraise.

"It made it possible all our kids able to go, so we really appreciate the support from the community so that everyone was able to attend this trip," she said.

Brittany Deanda and Ryan Navarrete, both 17-year-old seniors, said it's going to be an exciting trip.

"There's going to be a lot of team bonding for sure. It will just be different, a really cool privilege that we

even get to go," Deanda said.

Navarrete said it's surreal for her because she's watched the Macy's Thanksgiving Day Parade since she was little.

"It was like wow look at them look at them. They're on TV. They're dancing on TV and I've always thought it would be so cool" if she could do that, too, Navarrete said.

"So I just think it's very surreal that we're actually doing it."

Since the PHS football team made the playoffs,

they have mainly been focusing on their routines and pep rallies for that.

"... Once that stops and once they're done, we'll start focusing and I bet we'll have to have weekend practices..." Navarrete said.

Deanda said they will probably add on to their practices just to make sure they are as prepared as they need to be.

Autumn Wells, a 17-year-old senior, said she thinks the trip will be a really great experience.

## Felon to remain on ballot for council seat

THE ASSOCIATED PRESS

**HOUSTON** A felon will remain on the ballot in the runoff for a seat on the Houston City Council.

The Houston Chronicle reports that a Harris County judge on Friday refused to remove Cynthia Bailey from the Dec. 14 runoff election.

Bailey finished second in the Nov. 5 election to Tasha Jackson in the 14-person race to replace term-limited Councilman Jerry Davis. Third place finisher Renee Jefferson-Smith sued to remove Bailey from the ballot because of her conviction in 2007 for theft of more than \$200,000.

## Rise

» From Page 1A

"With that in mind, we are creating opportunities (for the community) to come together and talk about their experience with one another, and to get information on what help is available," Austin said.

Participating organizations include the Ector County Independent School District, PermianCare, Non-profit Management Center, Permian Basin Area Foundation, the City of Odessa, Odessa College, Odessa Ministerial Alliance, and 211 Permian Basin.

The event is focused on helping residents who have difficulties during the holidays and helping them find

resources if needed. Spiritual guidance will also be available for those requesting the service.

Austin said the group was formed in response to the Aug. 31 mass shooting in the Odessa-Midland area that left eight people dead, including the gunman, and 25 injured.

Austin said RISE officials hope to have other events in the future, and said everyone is invited to attend.

"The Permian Basin is an amazing place for community and always has been," she said. "Community has always been a priority here. Community is paramount to our area. We want to make sure everyone in this community here knows there is help available."

The American Legion Post and Unit #339 held a brunch Monday to honor veterans in their community. This year they held the brunch at the community center that followed a flag raising ceremony at the courthouse. The tables were decorated with little army men along with the American flags. Guests were greeted with gift bags of American flag pins and a candle- to remind everyone to be a candle in a veterans life and a poppy. Door prizes were handed out to show the American Legion's appreciation to the community for coming out and showing their support for their veterans.

The American Legion Family would like to thank everyone for coming out and showing their patriotism for our country, veterans and the community. A big thanks to everyone involved with making the day of our veterans a good one! Thank you to ALL that has served our country and Winkler County salutes you!

Good morning Gabriel;

I am a resident of Winkler County, therefore this Hwy 302 project is very important to me and other local residents. I want you to know I am very much in favor of this expansion, with promises of more to come. I will make every attempt possible to attend this meeting this evening, and vocally express my position.

Sincerely

Hope Fernandez Williams

STATE REPRESENTATIVE  
**BROOKS LANDGRAF**

December 2, 2019

Texas Department of Transportation  
Attention: Gabriel A. Ramirez, P.E.  
3901 East Highway 80  
Odessa, Texas 79761

Dear Gabriel,

Please accept this letter as a statement of my support of the proposed revision to the FY 2019-2022 Rural Transportation Improvement Program, specifically as it relates to the addition of a project on SH 302 in Winkler County.

SH 302 is surrounded by sand mining operations and provides a direct route from Odessa to the booming Delaware Basin. This unique combination of economic activity has led to massive increases in commercial motor vehicle traffic on SH 302, causing significant road degradation and countless traffic accidents.

As the state representative for Andrews, Ector, Ward and Winkler counties I am keenly aware of the dangers motorists face on SH 302 on a daily basis. That is why I have joined other members of my community in calling for a project to add capacity and improve safety on SH 302 between US 285 in Reeves County and FM 2019 in Ector County (which includes all of Loving County and Winkler County).

While the project under consideration today does not cover this complete stretch of road, it is a big step in the right direction that will immediately improve the flow of commerce in the region and save lives when it is complete. Therefore, I respectfully request that the proposed project on SH 302 in Winkler County be included in the revised Rural Transportation Improvement Program.

Thank you for your attention to this matter. If you have any questions, please feel free to contact me at 512-463-0546.

Sincerely,

A handwritten signature in black ink that reads "Brooks Landgraf". The signature is stylized with a large, flowing "B" and a long, sweeping underline.

Brooks Landgraf
