Federal Approval of the May 2023  
Revisions to the FY 2023-2026 Statewide  
Transportation Improvement Program (STIP)

Marc Williams, Executive Director  
Texas Department of Transportation  
125 E. 11<sup>th</sup> Street  
Austin, Texas 78701

Dear Mr. Williams:

We have reviewed the May 2023 revisions to the FY 2023-2026 STIP, transmitted on June 28, 2023, with TxDOT's approval letter. Based upon our review, the 2023 May revisions to the FY 2023-2026 STIP are hereby approved subject to the enclosed comments. For this revision of the FY 2023-2026 STIP we are also enclosing a list of the projects that FHWA has found eligible for Carbon Reduction Program (CRP) and Promoting Resilient Operations for Transformative, Efficient, and Cost-Saving Transportation (PROTECT) formula program funding, as of the date of this letter. Please note STIP approval of projects that are not federally funded is not intended to provide federal endorsement or action.

Additionally, in accordance with our October 21, 2015, letter, TxDOT has been utilizing estimated Develop Authority (DA) to demonstrate the availability of sufficient project funding for National Environmental Policy Act (NEPA) clearance actions for projects in rural portions of the State not consistent with the fiscally constrained STIP. This demonstration of funding availability has been provided to FHWA and FTA and is accepted. NEPA clearance actions for projects utilizing DA should not be completed unless the project is consistent with a fiscally constrained MPO TIP/MTP or the rural DA project list provided with the May 2023 STIP revision.

Should you have any questions or concerns, please contact either Ms. Genevieve Bales of the FHWA Texas Division at (512) 536-5941 or Ms. Lynn Hayes of the FTA Region VI office at (817) 978-0565 for additional information.

Sincerely yours,

30	DAL	NCTCOG	0918-47-430	Not approved. Not approved due to the lack of specificity eg vehicles, infrastructure and transit passes. Also, there appears to be an inconsistency in funding eg the 23-26 STIP lists CMAQ while the 2022-2023 UPWP lists STBG.
31	DAL	NCTCOG	0918-47-463	Not approved. Not approved due to limited project description.
32	DAL	NCTCOG	0918-47-468	Not approved. Not approved until eligibility can be determined.  There appears to be an inconsistency between the 23-26 STIP and Subtask 3.05 of the 2022-2023 UPWP. The closest resembling project in the 2022-2023 UPWP is the task entitled Sustainability and Innovative Solutions for Transit yet that task is funded with RTR and Regional Transportation Council Local funds vs Carbon Reduction Program funds.
33	FTW	NCTCOG	0080-03-049	Not approved. Not approved until Plan to Program lanes and limits consistency may be determined.
34	FTW	NCTCOG	0353-03-101	Not approved. Not approved due to Plan to Program inconsistency eg the 23-26 STIP has MPO IDs FT1-11.60.1, FT1-12.40.1, FT1-12.50.1, FT1-130.10.1, FT1-12.30.1. Several MTP IDs are not in the latest Mobility 2045 2022 Update listing while others reflect mainlane, managed lane, CD and frontage road widenings. The MPO will want to clarify if a MTP program reference is more appropriate.
